

We do Assembly and on Friday we do a celebration Assembly and we do birthdays.

Then we do play time where we have fruit and we play with our friends. In Numeracy we have two groups and we learn time and numbers.

Then we have dinner time where we eat dinner there is dinners and sandwiches. When it is really hot sandwiches go outside to eat.

Then we do the Afternoon register. It's a bit like the morning register but you don't do the dinners and sandwiches register.

After the register we do topic or ICT and music and when Miss White comes we do Art.
